How it works:

As a citizen of Garching you may use the collection system of bulk waste and fridges/freezers. You can do so in two ways:

- 1.) You send a postcard to the company Steiger (postcards available at the city hall) indicating which waste you want to dispose of. The waste will be collected at the date communicated to you by Steiger by phone.

Place your bulk waste for collection only shortly before it will be collected to avoid that other people add their own bulk waste...

because...

only the indicated bulk waste which is recognized as such (see definition) will be collected. The volume shall not exceed 5 m³ per home.

- 2.) Bring your bulk waste to:
AR-Recycling, Ingolstädter Landstraße 89a, 85748 Garching.

The bulk waste will be accepted free of charge if you can show that you are a citizen of Garching.
